With a view to realizing its long-term aspirations, and in accordance with the DENSO Group Long-term Policy 2020 formulated in April 2013, DENSO formulated a Mid-term Policy, which will run through 2018. Under its new Mid-term Policy, the DENSO Group firstly continues to focus on heading toward realizing an automotive society in which automobiles place less of a burden on the environment and drivers have fewer worries about traffic accidents and, secondly, targets sustainable growth by further evolving its traditional operations.
Recognition of the Current Business Environment (Formulation Background)

1. Emerging Countries Continuously Lead Automobile Market

Expand both sales volume and number of vehicles owned in emerging countries.
→ Strengthen global manufacturing capabilities by responding to growing markets

3. Promote continuous development of our employees

**Key Actions**

We will address expanding the relevant businesses in the priority business fields of “Environment, Security & Safety,” “Aftermarket & New Business” and “Global Market.”

---

**Environment, Security & Safety**

Create system products that address social issues toward the reduction of the environmental footprint and traffic accidents

**Aftermarket & New Business**

Challenge for aftermarket and new business expansion to create new customer value from social needs and end users’ perspectives

**Global Market**

Reinforce the relationship of mutual trust and raise DENSO’s presence in each region to deliver the convenience and pleasure of automobile use and driving for people in many countries
We will reinforce the following functions to lead and support the expansion of priority businesses: “World-first & regional innovation products,” “Outstanding manufacturing competitiveness,” and “Management speed.”

**World-first & regional innovation products**

Take on the challenge of advanced technological development that creates world-first and regional innovation products by realizing regional strengths and community-based wisdom.

**Specific initiatives**
1. Accelerate advanced technology research and reinforce study on human and society science
2. By predicting the trend of regional needs, enhance the ability to design product concepts and develop advanced technologies

**Outstanding manufacturing competitiveness**

Enhance monozukuri capability and the global expansion of DANTOTSU through enhanced competitiveness to realize a regional No. 1 production structure and the DANTOTSU plant.

**Specific initiatives**
1. Reinforce simultaneous development of products and monozukuri for product evolution (high difficulty level, systems) and expansion of overseas production
2. Establish strong MONOZUKURI capabilities by One DENSO and realize regional No.1 production supply structure and the DANTOTSU plant

**Management speed**

Speed up management by promoting global collaboration by changing our way of working to improve the speed of business operations.

**Specific initiatives**
1. Collaborate with diverse people
2. Implement global next-generation information systems and change our way of working to improve speed of business operations
