# When, Where, and How to Enroll in Your Benefits

## Open Enrollment for the 2025 Plan Year<sup>1</sup>

Open Enrollment is an opportunity to review your current benefit plan elections and determine if you want to make changes for the upcoming year to better meet the needs of you and your family. After Open Enrollment ends some changes are allowed for certain benefits only through December 15 each year: FSA contributions, dependent coverage, and PTO cash-out election.

DENSO's Open Enrollment dates to elect benefits for the 2025 calendar year are:

| Open Enrollment Dates         |
|-------------------------------|
| October 22 – November 7, 2024 |

Selections made during Open Enrollment are effective **January 1, 2025 through December 31, 2025**.

This Open Enrollment is a passive enrollment, meaning associates do not need to log into the system and take action to enroll in certain benefits. Use the Open Enrollment Checklist on page 7 to guide you through the process.

<sup>1</sup>This information does not apply to anyone hired in 2025.

## New Hires

Newly hired associates are eligible for health benefits the first day of the month following 30 days from your date of hire. Eligibility for short-term disability and long-term disability is 6 months after your date of hire. Register for an account and enroll in benefits at [myDENSObenefits.com](https://myDENSObenefits.com).

**Important Note:** If you do not make your health benefit elections within 30 days from your hire date, you will be opted out of all electable benefits.

**Remember:** Once you enroll or miss your enrollment deadline, your benefit elections cannot be changed until the next annual enrollment period or within 30 days of an eligible family status change (see *Making Changes During the Year* on page 11).

**If you are hired in 2024 but after Open Enrollment closes:** You must complete two enrollments – one for your 2024 benefits and one for your 2025 benefits. Benefitsolver will guide you through both. See image on right.

The screenshot shows a web portal titled "Benefits Enrollment". At the top, a yellow banner with a warning icon says "Important! You have two enrollments to complete." Below this, it lists: "1. New Hire Enrollment" and "2. 2025 Open Enrollment". The main content area has two sections. "Step 1: New Hire Enrollment" includes the text "As a newly hired associate, you first need to enroll in your benefits that will cover you for the rest of this plan year. Coverage will be effective based on 09/16/2024." and a "Begin Enrollment" button. "Step 2: 2025 Open Enrollment" includes the text "Once you complete your enrollment for this plan year, you will need to enroll in your benefits for the following plan year. Any add or change in coverage will be effective on 01/01/2025." and a "Begin Enrollment" button. A red note at the bottom right says "Must Complete New Hire Enrollment First".

Even if you do not have changes to make during Open Enrollment you should access Benefitsolver to review your plan elections, confirm the coverage for you and your dependents is correct, elect 2025 PTO cash out, enroll or re-enroll in FSA or HSA, and add beneficiaries to your applicable benefit elections.

## Learn More: Self-funded Plans

Self-funded means the company pays the majority of the cost for their employee's medical and healthcare claims. The remaining cost is transferred to the employee through premiums and copays. Often the company contracts with an independent third-party administrator (TPA) for plan administration. DENSO is self-funded.

Being self-funded means DENSO can tailor our benefits to fit our unique population's needs. A fully-insured or traditional group healthcare coverage pays a pre-determined premium to an insurance carrier and is limited in what benefits are offered to employees.

## What to Do After Enrolling

### OpenRoad and Health Savings Account

- If you enrolled in the high deductible medical plan option, OpenRoad, you may be eligible for a Health Savings Account (HSA). MyChoice Accounts, through UMB Bank, administers our HSA program. You can manage your balance and claims directly at [myDENSObenefits.com](https://myDENSObenefits.com).
- If you choose to elect a new HSA during Open Enrollment, you will have the option to agree to Terms and Conditions to initiate a new account with MyChoice Accounts, if you don't already have one. You will complete the eligibility attestation for the company contribution on [myDENSObenefits.com](https://myDENSObenefits.com) during Open Enrollment.
- HSA Contributions** - You may elect to start, stop, or change your contribution amount to your HSA at any time during the year by logging into Benefitsolver at [myDENSObenefits.com](https://myDENSObenefits.com) and clicking "MyChoice Accounts."
  - Note: like the HSA, the Flexible Spending Accounts (FSA) vendor is Businessolver and is administered through MyChoice Accounts. See page 22 for more details about the FSA.

### My, Oh MyChoices!

Benefitsolver's family of tools is called the MyChoice program.

MyChoice Accounts is home to DENSO's HSA and FSA benefits.

MyChoice mobile app allows you to take your benefits on the go, upload documents, and submit claims.

### Optional Associate Life and Spouse Life Insurance

If you elect to increase life insurance coverage on yourself or your spouse during Open Enrollment, **you may need to complete an Evidence of Insurability (E of I) form by March 1, 2025**. Complete this on Benefitsolver by following the prompts on the "Action Required" section of your homepage. If you signed up for text alerts you will receive a reminder to submit your documentation.

### ID Cards

- You will receive a new co-branded card for Medical/Prescription.
- Anyone newly enrolled in an FSA or HSA for 2025 will receive a new MyChoice Account card.
- New Hires in 2025** – You will receive ID cards a few weeks after enrolling in the corresponding plans.
- See chart below for examples of insurance cards:

| Plan        | Medical/Prescription   | Dental  | Vision   | Flexible Spending Accounts (FSA)   | Health Savings Account (HSA)       |
|-------------|--|---|--|--|------------------------------------|
| Carrier     | UnitedHealthcare, Optum Rx   | Delta Dental of Tennessee   | Superior Vision by MetLife   | MyChoice Accounts  | MyChoice Accounts through UMB Bank |
| Note        | If you have more than 4 covered dependents you will receive multiple cards.  |   |  | Access MyChoice Accounts, make changes, and submit claims through Benefitsolver at <a href="https://myDENSObenefits.com">myDENSObenefits.com</a> or MyChoice app |                                    |
| Card Sample | <div style="display: flex; justify-content: space-around;">   </div> |  |  |   |                                    |

**Need Additional ID Cards?** Dependent names will appear on Medical/Rx ID cards. To order additional ID cards for any plan, call the DENSO Benefits Helpline at 1-855-311-2115 or email at [denso@benefitadvocates.net](mailto:denso@benefitadvocates.net).

# Important Notes About Your Plans

## Who Is Eligible?

### Associates

DENSO Associates are eligible for health benefits on the first day of the month following 30 days from your date of hire. You are eligible for retirement benefits, basic life, accidental death & dismemberment, business travel accident, Healthy Horizons, and Employee Assistance Program on your date of hire. You are eligible for short-term and long-term disability 6 months after your date of hire.

### Dependents

Eligible dependent benefits are also effective as of the first day of the month following 30 days from the covered associate's date of hire. Eligible dependents include:

- Your lawful spouse
- Your registered domestic partner (see details below)
- Your or your spouse's dependent child up to age 26, including:
  - A natural, step, or legally adopted child.
  - A child placed for adoption.
  - A child for whom legal guardianship or legal custody has been awarded to you or your spouse by a court of competent jurisdiction.
  - An unmarried child, regardless of age, provided they have been continuously incapable of self-support because of a mental or physical handicap that existed prior to age 26.
    - Proof of disability must be submitted in order to cover a dependent over age 26. Required documentation includes a copy of the Social Security benefits approval.

**Note: Coverage will automatically end on the last day of the month in which your dependent child turns 26 unless disability status has been provided and approved.**

### State of California: Registered Domestic Partner Coverage

You may enroll your registered domestic partner under the medical, dental, vision, and optional group term life insurance plans. However, the IRS does not permit pre-tax benefits to be provided for a registered domestic partner, and the "value" of the coverage for your domestic partner will appear as imputed income on your paycheck and on the W-2 at the end of the year.

## Special Considerations

### DENSO Associates Married to Other DENSO Associates

Benefitsolver will prevent you from making elections that may duplicate coverage. Therefore, make your elections carefully together:

- **Medical Plans, including Prescription and Behavioral Health** - You can each enroll separately and elect "Associate Only" coverage, or one of you can elect to cover the other as a dependent if the other associate has opted out. Only one of you will be able to cover your eligible dependents.
- **Dental Plans** - You can each elect to cover yourself and your dependents. Each policy will pay up to the annual or lifetime maximums without coordination of benefits.
- **Vision Plan** - You can each enroll separately and elect "Associate Only" coverage, or one of you can elect to cover the other as a dependent if the other associate has opted out. Only one of you will be able to cover your eligible dependents.

- **Optional Associate and Spouse Life** - Each associate may elect Optional Life. Associates married to another associate cannot elect Spouse Life. The life insurance company will not pay a claim for someone as both an associate and a dependent.
- **Optional Child Life** - Only one associate may elect coverage. The life insurance company will not pay a claim twice on the same child, even if both parents paid the premium.
- **Voluntary Critical Illness, Accident, and Hospital Indemnity** - Each associate may elect their own coverage and one of you can elect to cover your eligible dependents, or one associate may choose to cover the spouse and eligible dependents on one policy.

### **DENSO Associates with Children Who Are DENSO Associates**

- The same rules above apply for medical, dental, and vision.
- DENSO does not always know when an associate is covered as the dependent of another associate although the Benefitsolver system will try to prevent this. Reach out to your HRBP if you have questions.
- **Optional Child Life** - Once a child becomes a DENSO Associate, they are no longer eligible to be covered by a child life policy. Claims will not be paid for someone as both an associate and a dependent.
- **Voluntary Critical Illness, Accident, and Hospital Indemnity** - Each associate may elect their own coverage or elect to cover their eligible dependents. Claims are not paid for someone as both an associate and a dependent.

### **Associates with Family Members in Other Countries Who Are Expected to Move to the U.S.**

If you have eligible family members living outside the United States who are not currently covered by DENSO's plan, be sure to add them during Open Enrollment if you want to cover them at any point in the next plan year.

**It is not a family status change to add them to your plan when they come to live in the United States.**

## **Coordination of Benefits (COB)**

### **Medical COB**

If you or a family member are covered by two or more medical plans, Coordination of Benefits (COB) determines which plan pays first (primary) and which plan pays second (secondary). If DENSO's plan pays secondary, it will only pay if the primary plan paid less than DENSO's plan would have if it were primary. DENSO's plan will always be secondary to any medical or personal injury payments under an auto policy. The maximum combined payment you can expect from all plans cannot exceed 100% of the total allowable charge. Therefore, having dual coverage is not always the best choice financially. More details are available in the Summary Plan Description SPD which can be viewed/downloaded from [DENSOBenefits.com](https://densobenefits.com).

### **Dental COB**

Coordination of Benefits works differently for dental. DENSO's plan (even if it is secondary coverage) will pay as if it is primary, not to exceed 100% of the total allowable charges.

### **Coverage Verification**

UnitedHealthcare (UHC) may require you to verify whether your dependents have other coverage. You will be notified by mail regarding this requirement. Respond by:

- Mailing the verification form back to UHC,
- By calling the number on the back of your UHC ID card, or
- By fax to the UHC COB update line: 801-567-5498.

Failure to respond may result in claim payment delays.

## Making Changes During the Year

Consider your choices carefully when making benefit elections. Once you make your elections and/or choose the dependents you want to cover on the plans, they remain in effect until the next open enrollment period, unless you have a qualified family status change during the year.

Examples of qualified family status changes include:

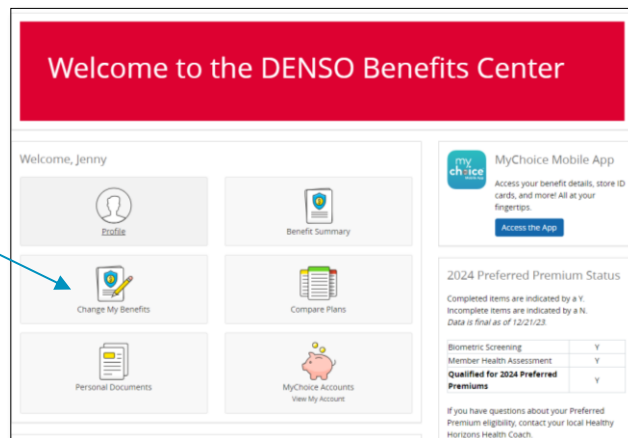

- Your marriage or divorce
- Your child's birth or adoption
- Your, your spouse's, or your child's gain or loss of coverage due to change of employment status

Refer to your SPD for a full list of qualified events.

**Important:** If such an event occurs, you must make your changes within **30 days** of the family status change (or within 60 days for your child's birth or gain/loss of coverage) by logging into [myDENSObenefits.com](https://myDENSObenefits.com) and clicking "Change My Benefits" then choose the appropriate Life Event.

Supportive documentation is required, which could include:

- Marriage Certificate,
- Final Divorce Decree,
- Birth or Adoption Certificate,
- Court Order, or
- Gain/Loss of Coverage Letter

Access [myDENSObenefits.com](https://myDENSObenefits.com) within 30 days of your event to begin making your benefit changes even if you have not received the applicable supporting documentation yet. Reach out to your local HRBP if there is a delay obtaining the necessary documentation.

Only elections consistent with the status change will be allowed.

Some items can be changed or updated at any time throughout the year and do not require additional documentation:

- Change of beneficiary
- Update dependent information (Social Security Number, date of birth, or name)
- HSA contribution
- Updates to voluntary plans (remove dependents, drop coverage; you can only add or increase coverage or dependents during Open Enrollment)

For more information about Family Status Changes or to initiate the Family Status Change process, go to [myDENSObenefits.com](https://myDENSObenefits.com) or use the mobile app.

A job aid is available at [DENSOBenefits.com](https://DENSOBenefits.com), or you can ask Benefitsolver's chatbot, Sofia, for assistance.

## Learn More: Meet Sofia!

If you get stuck during Open Enrollment or need to ask a question, there is a **chat bot named Sofia** that can help you at any time. Sofia can also answer questions specific to your benefits elections and can even tell you a joke!

## Prescription Plan

- **Network Pharmacies** - there are over 65,000 pharmacies in the Optum Rx network.
- **Formulary** - If drugs are on the Optum Rx formulary, they are preferred over drugs not listed. Drugs not listed may be excluded.
  - **Covered drugs fall into one of four tiers:** 1) Generic, 2) Preferred, 3) Non-Preferred or 4) Specialty.
  - There are typically changes to the formulary drug list twice a year – in January and July. Optum Rx sends a letter to impacted members before a drug changes tiers or is removed from the list.
  - Drugs may be added to the formulary throughout the year.
  - View the fee structure on page 16.
- **Step Therapy** - You may need to try one or more alternative drugs before being allowed to fill certain brand prescriptions.
- **Prior Authorization** - Certain drugs require your doctor to provide additional information before the pharmacist can fill the prescription; you or your doctor should contact Optum Rx if the pharmacist says this applies to you.

- **Penalties** - If you choose to take a higher cost brand name instead of the equivalent generic drug, you will have to pay the generic copay plus a penalty equal to the difference in the cost of the drugs. *Penalties do not accumulate toward out-of-pocket maximums.*
- **90-day Supply** - Available for maintenance medications through mail order, a Walgreens Pharmacy, or a DENSO Family Health Center (DFHC) Pharmacy.
- **Specialty Drugs** - Specialty drugs are high-cost medications used to treat complex, chronic conditions. All specialty medications must be filled through **Optum Rx**. Contact the specialty pharmacy at **855-427-4682** (available 24/7) to arrange filling your specialty prescription.
  - You can also arrange for a live chat or virtual visit through **Optum Connections** to speak with a clinician who is an expert in your condition.
- **Preventive Drugs** – Many preventive medications are available to OpenRoad participants at no cost. View the HDHP formulary at [DENSOBenefits.com](https://densobenefits.com).

Go to the Medical & Prescription section on [DENSOBenefits.com](https://densobenefits.com) to view the prescription drug lists.

## DENSO Family Health Center and Pharmacy (DFHC)

The DFHCs are located in Battle Creek, MI, Maryville, TN, and Athens, TN. Any DENSO Associate and eligible dependents covered under a DENSO medical plan may use the Health Center as their primary health care provider. Both Battle Creek and Maryville locations have full dispensing pharmacies. Maryville DFHC Pharmacy provides delivery services to DMAT. Premise Health staffs, manages, and operates the facilities. Visit [members.premisehealth.com/denso](https://members.premisehealth.com/denso) for more details. The DFHC facilities and providers are **in-network** under UHC but won't appear in the national provider search.

The DFHC requires payment at the time of service. Reminder, fees per visit are as follows:

| Medical Plan Option  | Patient Type              | Fee Due at Time of Visit              |
|--|---------------------------|---------------------------------------|
|  ExpressWay | Associates and Dependents | \$10                                  |

## Telemedicine

Telemedicine options include online and telephonic visits for minor illnesses and urgent care with **24/7 access**. UHC connects you to board-certified doctors using your smartphone, tablet, or computer. Visits cost less than the average cost of a regular office visit.

## Learn More: Communications from Vendors

UHC is DENSO's third-party benefits administrator, meaning they process every medical claim. If a claim contains a new diagnosis code, such as diabetes, UHC can notify our wellness vendor of your eligibility for their program, and the vendor may reach out to you with information or resources to help you. You are under no obligation to participate; it is simply one additional resource available to you at no cost. Your information is not shared with DENSO. Additionally, our wellness vendors may send postcards or home mailers to raise awareness of their programs.

## Understanding Your Choices for Care

Your cost share will vary depending on your type of plan and visit. To help you get the most out of the plan you choose, the table below shows the care options available and when best to use them.

## Things to Consider

- If you elect a dental plan without covering all members of your family, those family members not on the plan will not have any dental coverage. Be sure to cover all dependents who may need dental care throughout the year.
- Benefits are not coordinated with other dental insurance—claims will be paid (up to 100% of the allowed cost) if you have other dental coverage outside of DENSO.

## Delta Dental Mobile App

Access your benefits and tools anytime, anywhere using the Delta Dental Mobile App. On the app, you can:

- Search for a dentist in the PPO and Premier networks,
- Download a mobile ID card,
- View coverage and claims,
- Use the Dental Care Cost Estimator tool, and
- Use the toothbrush timer.

To download the mobile app, visit the [App Store](#) or [Google Play](#) (search **Delta Dental**), or scan the QR code to the right.

## Before You Visit a Dentist

Search for an in-network provider using the app. If you call:

- Don't ask: "Do you take my insurance?"
- Do ask: "Are you in-network?"

You are still able to see the dentist of your choice. However, if they are not in-network you will pay more for services.

- Member discounts toward LASIK services ranging from 15-50% are offered under the vision plan.
- If you elect the vision plan without covering all members of your family, those family members not on the plan will not have any vision coverage. Be sure to cover all dependents who may need vision care throughout the year.

# Tax Savings Plans

## Flexible Spending Account

A Flexible Spending Account (FSA) allows you to save for eligible health care and dependent care expenses incurred during the plan year. To help reduce your tax liability, contributions are deducted from your paycheck on a pre-tax basis and tax-free reimbursements are paid to you for eligible expenses. Businessolver is DENSO's FSA administrator who tracks your contributions and reimbursements and provides a debit card (see note below regarding Limited Use FSA Debit Card). You can track your account using the MyChoice mobile app or through our Benefitsolver site [myDENSObenefits.com](https://myDENSObenefits.com).

| Key Points on FSAs  |  |
|---|--|
| You decide the amount you expect to spend on eligible health care and dependent care expenses throughout the year. <b>Plan carefully.</b> |  |
| <b>Health Care FSA Eligibility</b>  | Health Care FSA covers eligible medical, dental, and vision expenses. Common eligible expenses for a Health Care FSA are prescriptions, over-the-counter medications, hearing aids, orthopedic goods, doctor visits, and dentist visits. You cannot contribute to a Health Savings Account (HSA) if you are enrolled in a Health Care FSA.   |
| <b>Day Care or Dependent Care FSA Eligibility</b>   | Day Care, or Dependent Care, FSA allows you to put money aside for dependent care for eligible children up to age 13, a disabled dependent of any age, or a disabled spouse. A Day Care FSA covers expenses such as work-related daycare and elderly care costs.   |
| <b>Plan Year</b>  | <b>January 1 (or your enrollment date, whichever is later) – December 31:</b> This is when eligible expenses can be incurred in order to be submitted for reimbursement.<br><b>Note:</b> New hires cannot include expenses prior to hire date.   |
| <b>Annual FSA Contribution Limits</b>   | <b>Refer to IRS.gov for the most up to date FSA contribution limits.</b><br>The amount you elect to contribute is divided evenly among your paychecks for the year and is deducted before calculating taxes (federal & social security as well as most state taxes).   |
| <b>2024 Run-Out Period</b>  | <b>January 1 – March 31, 2025:</b> This timeframe is called the “run-out period” that participants have to file claims for expenses incurred in the prior plan year (2024).  |
| <b>Carry-Over</b>   | Participants enrolling in <u>Health Care FSA</u> for 2025 can carry-over a certain amount in remaining, unused 2024 Health Care FSA funds into the 2025 plan year. 2024 Health Care FSA participants who re-elect for 2025 <u>and</u> have a carryover from 2024 will see the carryover in your MyChoice Account early in 2025 after the 2024 runout period ends (March 31, 2025). The funds that are rolled over can be used after the run-out period from the previous plan year. Any unused funds exceeding this limit from the 2024 plan year will be lost. Refer to <u>IRS.gov</u> for current FSA carry-over limits.<br><b>Note: Day Care FSA is not eligible for the carry-over.</b><br><b>Note: You can't carry over FSA funds unless you re-elect FSA for 2025.</b> |

## Health Savings Account

If you enroll in the OpenRoad high-deductible medical plan, you may also be eligible to open a Health Savings Account (HSA). The HSA allows you to set aside money on a pre-tax basis and then use the funds for eligible healthcare expenses. Unlike some FSAs, any money left in your account at the end of the year rolls over to the following year. In fact, the HSA offers a way to save for future healthcare expenses because you can invest the value of your HSA so your account can grow over time. The chart below shows some of the key features of the HSA.

| Health Savings Account (HSA) Details       |  |
|--|--|
| <b>Eligibility</b>                         | To be eligible for the HSA, you must satisfy <u>all</u> of the following requirements: <ol style="list-style-type: none"> <li>1. | <b>Your Contributions</b>                  | You may elect to start, stop, or change your contribution amount to your HSA at any time during the year by logging in to <a href="https://myDENSObenefits.com">myDENSObenefits.com</a> or going to the MyChoice mobile app. Changes will apply to the next pay cycle.   |
| <b>Annual Company Contributions</b>        | DENSO will contribute money to the accounts of eligible associates in 2025: \$500 for individual and \$1,000 for family.   |
| <b>2025 Annual HSA Contribution Limits</b> | <ul style="list-style-type: none"> <li>• Associate Only coverage: <b>\$4,300</b> (including DENSO's \$500 contribution)</li> <li>• Other tiers: <b>\$8,550</b> (including DENSO's \$1,000 contribution)</li> </ul> <p><i>Note: You can make an additional \$1,000 catch-up contribution if you will be age 55 or older by end of year 2025.</i></p>  |

### Important Notes for OpenRoad Participants

## Choosing Your Investments - Two Ways to Diversify

1. Choose a single, ready-mixed portfolio (*RetireReady* Goal Setter): Make a single investment choice based on the date you want to retire and diversify your total retirement savings across an array of funds.
2. Build your own portfolio: Choose your own diversified combination of individual funds offered by the plan.

## Vesting

Employer Matching Contributions and Employer Annual Discretionary Contributions consist of separate components, which vest differently.

- Total Company Match (100%) = Regular Match (75%) + QMAC (25%)
- Total Annual Discretionary (100%) = Annual Discretionary (75%) + QNEC (25%)

| Vesting Schedule for Employer Contributions |   |                              |   |
|---|---|------------------------------|---|
| Years of Completed Service                  | Regular Match Annual Discretionary (75% of total) | QMAC* & QNEC* (25% of total) | Effective Vesting (Combined Employer Contributions) |
| Less than 2 yrs.                            | 0%  | 100%                         | 25%   |
| 2 yrs., but less than 3 yrs.                | 33 1/3%   | 100%                         | 50%   |
| 3 yrs., but less than 4 yrs.                | 66 2/3%   | 100%                         | 75%   |
| 4+ yrs.                                     | 100%  | 100%                         | 100%  |

\*Qualified Matching Contributions (QMAC) and Qualified Non-elective Contributions (QNEC) are special Employer contributions that help the DRSP 401(k) Plan pass mandatory annual non-discrimination testing. Note: Associate contributions are always 100% vested.

Refer to the Summary Plan Descriptions (SPDs) for more details, including the definition of disability, pre-existing conditions, and other exclusions.

## PTO Cash Out

Associates may elect to cash out a portion of your PTO allowance for 2025. **Elections must be made during Open Enrollment (October 22 – November 7, 2024) in Benefitsolver.** If you elect to cash out PTO for the 2025 calendar year, payouts will be in December 2025. The timing of the payouts is common for all affiliates. Timing of elections and payments are compliant with IRS regulations.

Your PTO cash out election cannot exceed your 2025 PTO allowance minus 40 hours. If you use more PTO hours during the year than you anticipated, your PTO cash out election may be reduced. The PTO cash out election is irrevocable, meaning after you make the election during Open Enrollment you cannot change this election later in the year. Remember, your earned PTO cannot exceed 200% of your annual PTO allowance. Please plan accordingly when you schedule PTO or make a PTO cashout election during Open Enrollment.

See Wellbeing & Other Benefits section at [DENSOBenefits.com](https://DENSOBenefits.com) for more details on paid company holidays and PTO schedule.

## Other Voluntary Plans

Voluntary benefits may provide financial protection by covering services not covered by your medical benefits. The following voluntary plans are 100% paid by associates post-tax at the group-discounted rates outlined below. You can find the detailed benefit summaries at [DENSOBenefits.com](https://DENSOBenefits.com), in Benefitsolver at [myDENSObenefits.com](https://myDENSObenefits.com), or contact your local HR Business Partner. **Note: Associates have the opportunity to enroll in these voluntary programs during the annual Open Enrollment period and within 30 days of a qualifying family status change during the year. New hires can elect voluntary benefits when first electing benefits.**

### Voluntary Critical Illness

Critical Illness insurance can help fill a financial gap if you experience a serious illness, such as cancer, heart attack, or stroke. The coverage provides a \$10,000 benefit upon diagnosis of a covered illness (50% of benefit amount for covered dependents). Benefits can be used to help cover out-of-pocket medical costs like your plan deductible and co-insurance.

### Voluntary Accident

Accident insurance helps protect your finances by helping you pay for the unexpected costs associated with an accidental injury. It provides a lump sum payment based on a schedule of benefits in the event of an accident to include common injuries such as fractures, Emergency Room, or Urgent Care visits and physical therapy tied to accident.

- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

## Learn More: What are Plan Documents?

DENSO encourages all associates to read the Plan Documents, the legal agreements that rule our medical, dental, 401(k), disability, life, and wellness benefits. Plan Documents describe in detail the benefits, rights, and responsibilities of plan participants, beneficiaries, eligibility, contributions, and other plan provisions.
